The authority has prided itself in not shutting borough libraries despite the cuts and has done this by reducing hours, pooling the service with other facilities and deploying a large volunteer workforce.

The new service will move towards a volunteer-led model and will be built around individual customers.

We work in co-operation with Inspiring Healthy Lifestyles to organise other events in the park and are currently helping to organise "picnic brass" concerts in the park throughout the summer.

The park has been transformed over the last couple of years and, if you would like to be a part of that, why not come and join us and help us to play a part in continuing this transformation. ### **COMMUNITY CIRCLES**

Community Circles are a national charity and have been commissioned by Wigan Council to work with all care homes across the borough to keep people connected to what really matters to them.

A Community Circle brings two or more people together around someone who wants a little help to make a change in their life. That change can be anything – from getting out and about more, to starting a new hobby or restarting an old one, or creating opportunities to spend more time with friends or family.

Everyone then works towards making this change happen with the support of a volunteer Community Circles Facilitator. The Facilitator keeps meetings flowing, following a tried-and-tested, step-by-step process that ensures that conversations are focused and lead to actions.

If you have a couple of hours a month to spare and are keen to make a difference in your local community contact Cath on 07979331745/[cath@community-circles.co.uk](mailto:cath@community-circles.co.uk) [www.community-circles.co.uk](http://www.community-circles.co.uk)

### **AGE UK WIGAN BOROUGH: CONNECTUP**

ConnectUp is the exciting project from Age UK Wigan Borough, designed to help people feel more a part of their local community, know what's available and make new friends.

ConnectUp has 3 elements:

#### **Face-to-Face befriending**

This part of the project matches volunteers with people wanting a weekly visitor. Because of the limited number of volunteers, this part of the project is only available to those people unable to get out of their home, aged over 65 and with no other services going in.

#### **Call in Time**

Fancy a weekly telephone call? A friendly voice on the other end of the line can make all the difference in helping you feel better.

#### **ConnectUp Groups**

ConnectUp groups occur in different locations across the borough, and offer short-term support to enable people to get out of the house, find out what's happening in their local area and meet new people.

The idea is that people come along to the group for a short period of time, and are introduced to the wide range of things happening across the area, from tea dances to bingo, trips out to reading clubs, knit and natter to singing in a choir. It's hoped that with support and encouragement from our staff and volunteers, people will then use the local ConnectUp group as a way to connect to the various activities and so feel more fulfilled and do the things they enjoy.

Do you fancy coming along-or volunteering to help make a group happen?

We are also looking to recruit volunteer buddies and we're particularly looking for volunteers for the ConnectUp groups. A time commitment of about 2.5 hours per week is required to help with the groups, slightly more for the buddying roles.

For further details, please contact the ConnectUp Development Worker, Margaret Royce, on 01942 615884 or via e mail [margaret.royce@ageukwiganborough.org.uk](mailto:margaret.royce@ageukwiganborough.org.uk)

### **ADOPT A WATERWAY FOR YOUR COMMUNITY**

Could you help look after local waterways by adopting a one mile stretch? That's the challenge from the Canal and River Trust (CRT) which is urging local communities to play a bigger part in looking after the waterways on their doorstep.

The call comes as part of the charity's wider plans to ensure that Wigan's waterways continue to thrive and don't fall back into the dereliction of the mid-twentieth century, when some sections were almost lost forever. Adoption groups will work in partnership with the Trust in order to make their local waterway shine; anything from improving wildlife habitats and access for local people, to creating a linear veg-patch for the community. Each group works at least one day a month for 12 months and agrees the projects they want to prioritise to make their mile matter. To support the call, the Trust has published an online map that showcases existing adoption groups and areas that are available for people to support.

The Trust also has more informal volunteer opportunities including volunteer lock keeping and drop-in volunteering sessions. More information is available at [www.canalrivertrust.org.uk/volunteer](http://www.canalrivertrust.org.uk/volunteer)

### **OVER 50? MALE? WE NEED YOU!**

Wigan & Leigh Pensioners Link are looking for men to take part in our Mind Over Matter Project

Mind Over Matter is a pilot project that is about helping older people maintain a healthy lifestyle via activities that encourage physical activity, keeping the brain active, and healthy eating. All the activity sessions provided are free of charge and most will be for a minimum of around six weeks in Leigh/ Atherton/Tyldesley/ Astley/Lowton/Golborne/Hindley.

As we would like to seek further funding and extend these sessions across the Borough, it is very important that we monitor and evaluate how useful and successful they are with older people. So we are asking everyone taking part to complete some very simple forms and to give us their feedback.

For further details please contact Sue on 01942 261753 or, alternatively you can visit us at 27 Charles Street, Leigh, WN7 1DB. If you are a group, I would be more than happy to come along and have a chat with you about the project.

### **BREAST CANCER CARE**

“I would first like to introduce myself, I am the Volunteer Manager for Breast Cancer Care’s North of England region and I am responsible for the recruitment and training for volunteers who live in the region who support our work. At the moment I am recruiting for a volunteer to support our Moving Forward courses which we are running in partnership with the Breast Care Nurses in Wigan.

The Moving Forward courses offer support and advice to anyone living with and beyond breast cancer, helping them to approach life after treatment with increased confidence. Breast Cancer Care is currently looking to recruit and train a volunteer to support these courses, to offer that unique support that only someone who had a previous personal experience of primary breast cancer can bring. Volunteers offer the chance for clients to talk openly away from family and friends with someone who understands what they are going through. We know that talking to someone who’s been there can be a great source of information and support.

Please contact Lisa Holland direct on [Lisa.Holland@breastcancercare.org.uk](mailto:Lisa.Holland@breastcancercare.org.uk) Direct line: 0114 263 6496
